## East Ascension Drainage Works

### Policy and Procedure Memo # 5

#### Revocation of Drainage Servitudes

##### **Reason for Policy / Procedure**

EADW is routinely petitioned to approve the revocation of drainage servitudes. It is important to establish a policy and procedure for this process in order to be consistent in granting or not granting such approvals.

##### **Revocation of Drainage Servitudes**

The revocation of public servitudes has to be by parish ordinance and as such must go through the Planning and Zoning Commission process with recommendation to the Council for final authorization. East Ascension Drainage Works process is:

1. The entity requesting the revocation must submit a written request to the Ascension Parish Office of Planning and Zoning. The request must contain the reason for the request with attached maps, plats, legal descriptions, etc. showing the servitude.
2. The Office of Planning and Zoning will submit this request to EADW for comments and "objection, no-objection" decision.

**Note: EADW will not accept requests from anyone except the Office of Planning and Zoning.**

##### **EADW Policy for Objection, No-Objection Decision**
