## **Oak Grove Community Park Playground Now Open, Water Park Remains Closed For Renovations**

**Contact: Lester Kenyon (225) 450-1138; E-mail: [lkenyon@apgov.us](mailto:lkenyon@apgov.us)**

**FOR IMMEDIATE RELEASE: April 17, 2014**

OAK GROVE – Ascension Parish President Tommy Martinez announced today the Oak Grove Community Park’s playground area is now open, but the water park will remain closed for continued renovations. The park is located at the intersection of LA 42 and LA 73.

Parish recreation officials closed the park along with its community center last September so construction crews could complete renovation and expansion work on the community center building. Officials estimated the park playground, water park and community center would be open last month, but weather delays and the relocation of water and electrical lines to the water park have pushed the completion date to next week.

“Once all work is complete and the water park is approved for public use, we will notify parish residents through our parish website, [www.ascensionparish.net](http://www.ascensionparish.net), Ascension 21 and the local media outlets,” Ascension Parish Recreation Director Mike Mohler said. “We apologize for the inconvenience of closing the park because we know the residents enjoy bringing their children here for recreation. With the ongoing construction taking place, we had to make sure no child would be in a dangerous area while our crews worked at the site.

Construction continues on the 1,550-square-foot building including the addition of a 426-square-foot event room and storage closet, which will increase the overall size of the center by 580 square feet.
