Second Vegetation Debris Drop-Off Location to Open in Ascension Parish

Ascension Parish, LA - Ascension Parish Government is opening a second location for vegetation debris drop-off for residents following Hurricane Francine, beginning Saturday, September 14, at 9 AM. The new drop-off site is located on the West Bank side of the parish at the **LaLa Regira Baseball Complex, 725 Church Street, Donaldsonville.**

Residents are asked to place **unbagged vegetation debris only** in the dumpsters provided at the new location. This initiative aims to facilitate the safe and proper disposal of storm debris.

For residents on the East Bank, the existing drop-off site at the **Ashland Road entrance to Lamar-Dixon in Gonzales** remains open.

Both locations are open from **dawn until dusk every day.**

Please note that roadside debris will not be picked up by parish services. Residents are strongly encouraged to use these designated drop-off locations for debris disposal.

For additional information, contact our call center at 225-450-1200.
